

Project Demo Planning

Date	10 June 2026
Team ID	XXXXXX
Project Name	Voice-Based Concept Understanding Analyser (VBCUA)
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & problem statement	Explain the motivation and objectives of projects.	2	Team number 1
2	Solution architecture	Present system architecture, workflow and AI technologies used.	3	Team number 2
3	Live application demonstration	Upload audio, perform analysis, display transcript and evaluation metrics.	6	Team number 1
4	Pdf report generation	Demonstrate report generation and download functionality.	2	Team number 2
5	Testing & performance	Present testing results and application performance.	2	Team number 1
6	Future enhancement & Q&A	Discuss future scope and answers evaluators questions.	3	Both members

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for AI based spoken concept of evaluation.
2	Solution Overview	Describe architecture, AI models, and application workflow.
3	Live Feature Demonstration	Upload audio, perform transcription, semantic analysis, scoring, and report generation.
4	Q&A Session	Clarify implementation details and future improvements.
